

Let the Quinlan Companies convert your blueprints and large format drawings & documents to digital format. We can scan and convert large, over-sized documents into scanned images for easier storage and retrieval. Scan to CD to our unique web-based solution, QuinlanVault®.

Why Scanning Your Blueprints & Over-sized Drawings Makes Sense

- Eliminates having to physically search and locate drawings
- Eliminates the need for physical storage space
- Protects from wear & tear and constant handling
- Immediate access from desktop or laptop- anywhere and anytime
- Distribute documents fast and seamlessly

QuinlanVault– Our Web-Based Image Management System

We can scan your blueprints & drawings directly into QuinlanVault our web-based image management program. Our solution is unique in that it is web-based and easily accessible from any internet connection 365/24/7. QuinlanVault also provides back-up redundancy for your images.

- ✓ Workflow significantly improved
- ✓ Scan & host directly to the cloud
- ✓ CD costs & handling are eliminated
- ✓ Save valuable server space
- ✓ Multiple users can access simultaneously
- ✓ Secure and compliant connection
- ✓ Creates a back-up in case of natural disaster

Ideal for:

Engineering | Architects | Construction | Facilities | Municipalities | Real Estate
